

# **CMMI Acquisition Module**

**NDIA Systems Engineering Division is overall Industry sponsor of Capability Maturity Model Integration (CMMI)**

**CMMI causes integration of design disciplines, and particularly strengthened systems engineering process**

**CMMI v1.1 was released Dec 2002**

**Industry issue has been that Industry is adopting CMMI and increasing product development maturity, while government program offices have not.**

**CMMI Acquisition Module (CMMI-AM) was written to improve process maturity program offices, released 2/04**
